

PRESS RELEASE

Akka
Design: Stefan Heiliger

Sofa or chaise-longue?

Akka is both! This flexible "Moving Moments Seat" changes from an intimate two-seat sofa into a chaise-longue for pleasant moments of relaxation. In order to achieve this versatility, designer Stefan Heiliger created a rotating seat that also changes the look and function of the Akka. Its sophistication is in the choice of rotating point ensuring that the symmetry is not disturbed, whilst the corner in which it is placed guarantees perfect comfort in either position.

The curved back offers good support for the two-seat sofa and provides a safe haven for those sitting peacefully on the Akka.

A compact two-in-one piece of furniture, small in size but big in design!

- Akka is available as Moving Moments Seat.
- The lower support of the Akka is chromed.
- Akka is named after the goose leader that Nils Holgersson took with him on his wondrous journey through Sweden in the fairy tale by Selma Lagerlöf.
